

NEW CITY HALL AND MASONIC LODGE WILL BE CONSTRUCTED ON SQUARE WITHIN NEXT FEW MONTHS

Announcement has been made that Elba is to have a new City Hall, and Elba Masons a new lodge building, if present plans are completed. An agreement between Masons and City Officials whereby the City will purchase one-half interest in the vacant lot on the Northeast corner of Court Square, now used by Dorsey for a used car lot, and the new building will be on this location.

The City will construct a foundation and first floor building to be used as a home for all departments of the city government, and Masons will construct a second floor to be used as a lodge hall, according to present plans, details of which are not yet complete.

A new building on this location will be a most welcome addition to that portion of the business district, besides supplying much needed space for city business enterprises, and a home for the Elba Masonic Lodge, which has not had suitable quarters in several years.

Miss Jeanette Garrett, of Birmingham, was the guest of her mother, Mrs. J. M. Garrett several days last week.

FARM OWNERSHIP MEETINGS ARE HELD IN COFFEE COUNTY

Five meetings of families who purchased farms thru the Farmers Home Administration in the liquidation of Coffee County Homesteads Project, have recently been held in the following communities: Mt. Pleasant, Zion Chapel, Goodman, Basin and Lee.

The meetings are held annually with families who have received past years' operations and discuss plans or improvements for the next year. They are conducted on a discussion basis where families talk with each other about successes and failures and how to manage their farms and homes to avoid failures in the future. They learn thru these discussions the benefits from interest savings by paying ahead while prices are good.

Exhibits were arranged through the cooperation of families to show how to remodel clothing and to use various methods of making bedspreads, curtains, towels, dresses, etc., at the most economical cost to the families. Odd pieces of furniture to decorate living rooms; food exhibits to show the importance of living at home instead of buying; and many other useful items were on display at the meetings giving the families ideas that they might adapt to their own situation.

At each meeting, lunch was served at the noon hour by the wives who planned and prepared it. The following program was used as a guide by the families for carrying on their discussion:

1. Grow sufficient food for family and feed for livestock.
2. Plant all cash crops that family can gather.
3. Plant as many more acres as family can work for livestock to gather.

4. Grow green feed for livestock and cover crops for soil building during winter.
5. Don't let land wash away and buildings rot down.
6. Spend income wisely.

The records show that Coffee County families purchased 207 of these Farm Ownership homes. Of this number, 50 have been paid in full. The remaining families are an average of \$600.00 per family ahead with payments. Only 3 families are behind with payments. The families who bought these farms have made commendable progress and we wish for them a better crop in 1947 that they may improve on this record.

A representative of Extension Service, SCS, PAMA and Health Department attended one or more of these meetings.

Mrs. B. W. Pruitt, of Andalusia, visited her sister, Mrs. D. J. Brooks and Mr. Brooks, the first of the week, and left on Wednesday for a short visit to Brewton.

Miss Winnie Bowdoin, of Montgomery, who attends Troy S. T. C., visited their parents, Mr. and Mrs. D. A. Bowdoin, the past week.

America has declared herself for a binding and durable peace. Americans, in thought and word, have supported this aim.

But intentions won't win peace, any more than they will win war. A permanent peace can be assured only when every American is willing to play an active part in its fulfillment.

The need for a strong America. By helping to keep this nation strong, you can help make it a power for peace. And until that peace is a guaranteed fact, the War Department has laid down a basic pattern of protection. ARMY DAY

ARMY DAY—April 7—is of great importance to every peace-loving American. It proclaims our determination, as a nation, to remain a power for peace. It offers to us, as individuals, opportunities to share in this vital cause.

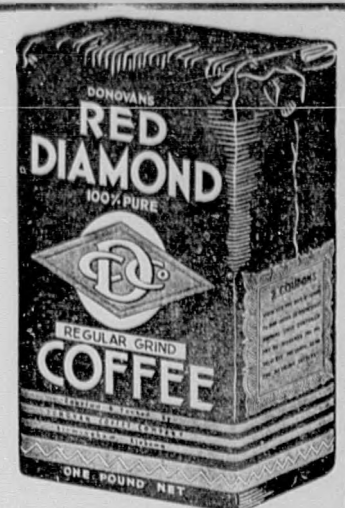

Preparing the way for permanent peace calls for strong men and strong nations. It is imperative that America retain certain basic military forces until international co-operation and understanding can be assured.

Our War Department offers four ways in which you may serve. It may be either in the Regular Army, the National Guard of the United States, the Organized Reserve Corps, or the Reserve Officers Training Corps. Only when these have been built up to full peacetime strength will this nation be afforded an adequate degree of protection.

On Army Day you will have a chance to review these great military organizations. You will see young men who are making known through action their determination for sound and lasting peace. You can do your part by supporting their vital program in your community.
